

Announcing *e* Vaulting

After a quarter century of providing offsite media vaulting services, NST and IVS are pleased to announce a new partnership for 2010!

Vital Vaulting Services ('VVS') combines fifty years of media vaulting and e-vaulting backup expertise. This partnership enables VVS to provide customized and complete backup services for media (tape) and e - vaulting (electronic) applications. It also assures Business Continuity and Disaster Recovery compliance. More details to follow soon or feel free to call us to discuss customized solutions.
